

CUSTOMER TESTIMONIAL

**RENTING TO DELIVER
EFFICIENTLY AT SCALE**

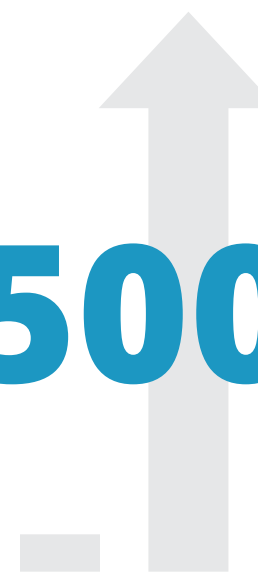

DEPLOY MORE MONITORS WITH LESS OUT OF POCKET EXPENSE!

"In 2016, our old tank monitoring company left us stuck with 100 obsolete 2G tank monitors. Just like that, our entire fleet was worthless.

After that, we decided to rent monitors from Tank Utility. Now we have peace of mind knowing we won't get stuck with useless hardware.

Renting from Tank Utility also enables us to deploy more monitors with less out of pocket expense!"

1500%

**MORE MONITORS HAVE BEEN
DEPLOYED SINCE RENTING
FROM TANK UTILITY!**
